FINDINGS OF FACT AND CONCLUSIONS OF LAW

This matter comes before the Zoning Commissioner as a Petition for Special Hearing for four (4) separately described parcels of land located adjacent to Dubbs Road and Yeoho Road in north central Baltimore County. The Petition was filed by the owners of the property, Louise Fowble, Doris Otto, Jean MacMaster and Mary Courtney, through their attorney, Michael Gisriel, Esquire. The Petitioners seek approval of the designation of the subject property as four (4) separately described building lots of ground, pursuant to Court Order. Stated in another fashion, the Petitioners seek approval that the four (4) parcels in question, being separately owned by each Petitioner, can be sold and/or utilized as separate building lots. The subject property and relief sought are more particularly described on the site plan submitted which was accepted and marked into evidence as Petitioner's Exhibit 1.

Appearing at the hearing on behalf of the Petition were John F. Fowble, son of Louise Fowble, and Michael Gisriel, Esquire, attorney for the Petitioners. Appearing in opposition to the request were Mary P. Shaffer, Cindy Burton (sister of Thomas R. Coburn), R. Scott Stuart, and David R. Smith, all nearby property owners. Also appearing as a Protes-
tant in the matter was John Bernstein, a representative of the Valleys Planning Council.

Although this case is somewhat unusual and complex as it relates to the issues presented, the material facts are not in dispute. As noted above, the subject properties are located in north central Baltimore County near the intersection of Dubbs Road and Yeoho Road. The properties are zoned R.C.2, a highly restrictive zoning classification. As is the case with many properties in the north County, the parcels were originally part of a large farm which has been subdivided over the years. This family farm was originally owned by the Gorsuch family and documents in the Land Records of Baltimore County disclose ownership by that family since the mid-1800s.

In 1944, approximately 137 acres of the original farm tract were conveyed to Grace Miller, and her daughter, Marjorie Smith. In addition, to Ms. Smith, Ms. Miller had four other daughters, namely, the Petitioners identified herein as Louise Fowble, Doris Otto, Jean MacMaster and Mary Courtney. The four sisters are now elderly, ranging in age from 76 to 82 years of age. None were present at the hearing due to frail health, but were represented by Dr. John Fowble, a veterinarian. Dr. Fowble is the son of Louise Fowble, and is a nephew to the other sisters.

Subsequent to their acquisition of the 137 acre parcel in 1944, Ms. Miller and her daughter, Ms. Smith, caused there to be several subdivisions of the property. Thus, new lots were created, some of which are in ownership of other family members, and others conveyed to third parties. In any event, it is clear that the property was comprised of three lots of record, as of November 23, 1979. This date is significant in that it is the date that the R.C. zoning classification was adopted in Baltimore County. It is the date utilized to determine the rights of subdivision available to rural properties which are zoned R.C. As is well-settled,

the acreage of individual R.C. lots are determined as of that date and the applicable rights of subdivision computed by the size of that acreage.

As the testimony and evidence offered at the public hearing on this case made clear, it is undisputed that the old farm property, owned by Ms. Miller and her daughter, Ms. Smith, was comprised of three lots of record as of November, 1979. The first lot consists of 2.826 acres and is identified as Parcel 2 on the site plan. Parcel 2 is now owned by one of the Petitioners, Mary Courtney. The second lot has been identified as Parcel 3 and is unrelated to the instant Petition. The third lot, Parcel 1 is comprised of the balance of the property, roughly 78 acres, and includes the four lots which are the subject of this case. It is to be emphasized that these three parcels were the only lots of record which existed as of November, 1979, and thus, the rights of subdivision must be computed based on their designation as individual lots and the acreage of each.

Notwithstanding the County's zoning regulations and the impact of the R.C. zoning designation and enactment in November, 1979, Ms. Miller apparently wanted to make a provision for her four daughters in the early 1980s. Thus, she caused to be conveyed unto Ms. Courtney, Ms. Fowble, Ms. Otto and Ms. MacMaster, a portion of the property jointly owned by her and Ms. Smith. Specifically, the lot of record now owned by Mary Courtney and identified as Parcel 2, containing 2.826 acres, was conveyed, as well as a parcel located on the north side of the farm, comprised of approximately 11.7 acres, more or less. In 1983, Grace Miller died. Thus, Ms. Smith took title to the land jointly owned by her and her mother by operation of law. Her sisters, the Petitioners in this case, were joint owners of the 11.7 acres and Parcel 2 previously conveyed.

As noted above, and shown clearly on the site plan, the 11.7 acres and Parcel 2 were actually not one contiguous piece of land. Parcel 2, the Courtney property, is situated west of the 11.7 acres and separated by other properties and Dubbs Road. In 1984, Ms. Fowble filed a Bill of Complaint for Partition in the Circuit Court for Baltimore County (Petitioner's Exhibit 4). She sought a partition of the land acquired by her and her sisters in 1982 from their mother. The Bill of Complaint was answered by a joint Petition filed by the other three sisters, and ultimately, a Consent Decree was entered by the Court on June 28, 1994. This Decree subdivided the lands acquired by the Petitioners in 1982 into four parcels. Ms. Courtney retained the separate piece described above as encompassing 2.826 acres and known as Parcel 2. Ms. Fowble acquired a lot containing 3.535 acres in area, identified as Lot 1 of Parcel 1. Ms. MacMaster acquired a lot 3.746 acres in area, identified as Lot 2 of Parcel 1, and Ms. Otto acquired a lot containing 3.624 acres, identified as Lot 3 of Parcel 1.

In 1985, Ms. Courtney decided to construct a single family dwelling on her property. Thus, a building permit was issued and ultimately the house was constructed. The three alleged lots owned by the other sisters are unimproved.

The matter now comes before me as a request seeking confirmation of these transfers and the legitimacy of the creation of these lots. Mr. Gisriel proffered that Ms. Fowble, Ms. MacMaster and Ms. Otto have decided to sell their unimproved lots and desire confirmation that each can be marketed, sold and developed as a separate building lot. It is of particular relevance that the Fowble, MacMaster, and Otto lots are unimproved at this time.

Opposition to the request comes from David R. Smith, the son of Marjorie Smith, and Grandson of Grace Miller. He believes that the 1982 subdivision and subsequent Consent Decree is illegal under the zoning regulations. His testimony was endorsed by John Bernstein on behalf of the Valleys Planning Council (VPC). A letter from VPC incorporating their position, as well as correspondence from the Office of People's Counsel, is found in the zoning case file established for this case, and duly noted.

The Petitioners concede that the subdivision which was attempted by Ms. Miller in 1982, and subsequently the subject of the Consent Decree in 1984, is illegal. Section 1A01.3 of the Baltimore County Zoning Regulations (B.C.Z.R.) governs height and area regulations for R.C. 2 zoned land. Further on, Section 1A01.3.B.1 provides that "No lot of record lying within an R.C. 2 zone and having a gross area of less than 2.0 acres may be subdivided. No such lot having a gross area between 2 and 100 acres, may be subdivided into more than two lots (total). Such lot having a gross area of more than 100 acres may be subdivided only at a rate of 1 lot for each 50 acres of gross area." That Section then goes on to exempt from these requirements certain lots which were approved prior to November 27, 1979, the date of implementation of the R.C. zoning classification. Thus, it is clear under a reading of the zoning regulations that the entire tract owned by this family as of November 23, 1979 was comprised of only three lots of record. As noted earlier in this opinion, they are identified as Parcel 3, which is not a subject of this Petition, Parcel 2, which was subsequently acquired by Ms. Courtney, and the balance of the tract, or Parcel 1. Parcel 1 encompassed approximately 78 acres from which only one subdivision was allowed. That is, Ms. Smith and Ms. Miller could subdivide that property one time, so as to create two building lots; however, when

the tract now identified as Parcel 1 was conveyed to the four sisters, the one subdivision allowed occurred. The attempted resubdivision of that lot by way of the joint Partition was illegal under the zoning regulations.

Such a conclusion is buttressed by the plain meaning of the words used in the regulations, as construed by the Courts of this County. As the Petitioners concede, the Circuit Court for Baltimore County took up a similar issue in Case No. 88-CG-1510, namely, People's Counsel for Baltimore County v. Graziano, et al. In that case, Judge Dana M. Levitz held that an attempted subdivision by will was illegal when contrary to the area and density requirements of the B.C.Z.R. Moreover, Judge Levitz also noted that Section 22-42(4) of the Baltimore County Code (B.C.C.) (now Section 26-171(a)(4) of the renumbered B.C.C.) does not exempt such an attempted illegal subdivision from the reach of the B.C.Z.R. As is clear, the exemption contained in Section 26-171(a)(4) of the Code exempts only certain parcels from the development process and does not exempt same from the applicable provisions of the B.C.Z.R. Thus, as conceded by the Petitioners and argued by the Valleys Planning Council, the People's Counsel, and the Protestants, the subdivision of Parcel 1 by the Petitioners was illegal and cannot be sustained.

Although conceding such an obvious conclusion, the Petitioners request that the Zoning Commissioner approve the subdivision nonetheless, based on one of three legal theories. The theories advanced by the Petitioners are founded in the doctrines of estoppel, laches, and equity. As to the estoppel argument, this Zoning Commissioner draws the Petitioners' attention to the holding in a case recently pending before the Circuit Court for Baltimore County, namely, In Re: Long Green Valley Association Case No. 94-CV-10257. That case was initially before this Zoning Commis-

sioner, and following an appeal through the County Board of Appeals, came before Judge James T. Smith, Jr. of the Circuit Court for Baltimore County. Judge Smith's well-reasoned opinion defined and discussed the issue of equitable estoppel. Quoting from Fitch v. Double "U" Sales Corporation, 212 Md. 324, Judge Smith defined equitable estoppel as "...the effect of the voluntary conduct of a party where he is absolutely precluded, both at law and in equity, from asserting rights which may have otherwise existed, either of property, of contract, or of remedy against another person who has in good faith relied upon such conduct and has been led thereby to change his position for the worse, and who, on his part, acquired some corresponding right, either of property, of contract, or of remedy." At Page 338. Although concluding that the Board of Appeals and the Zoning Commissioner had the authority to apply the doctrine, Judge Smith concluded that equitable estoppel should be applied sparingly. In applying the facts here, there is no basis to support an application of equitable estoppel. There was no building permit issued, at least as to Parcel 1, and no action taken by Baltimore County upon which the Petitioners can rely. The Decree entered by the Court was by consent of the parties, and I find no evidence of any act, misrepresentation or conduct by Baltimore County upon which the Petitioners relied.

The second basis suggested by the Petitioners is that of laches. Laches has been defined as a equitable defense to a claim, whereby an undue and unexpected delay caused by a party prohibits that party from recovering on its claim due to the injustice that would result. (See Connelley v. Connelley, 190 Md. 79 (1948) and Kerrigan v. Kerrigan, 642 A2d, 1324 (1994). Based on the record of this case, there is no

ORDER RECEIVED FOR FILING

Date

By

factual basis upon which laches can be applied. Baltimore County did not cause any delay which worked an injustice upon the Petitioners.

Third, the Petitioners assert that fairness and equity demand that the subdivision be approved. The Petitioners' position is indeed unfortunate. Ms. Miller's attempt to provide building lots for her four daughters is understandable. Nevertheless, the subdivision is illegal. Arguably, her Counsel at that time should have been aware of the relevant provisions of the B.C.Z.R. when the subdivision was completed in 1982. Certainly, the impact of the B.C.Z.R. should have been the subject of investigation when the Petition for Partition was filed. Although the result is unfortunate, this Zoning Commissioner does not have the authority to blatantly disregard the clear meaning of the B.C.Z.R. in an attempt to adjust the rights of the parties. The attempted subdivision by Partition was clearly illegal and cannot be sustained.

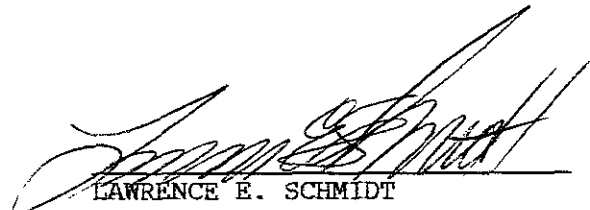

Moreover, in an effort to clarify the state of the property as a whole, the following findings are therefore offered. I make no judgment as to that land known as Parcel 3, which was not a subject of this hearing. However, it is clear that Parcel 2 (i.e. the Courtney lot) is a lot of record, duly created prior to 1979. On November 23, 1979 it was an independent, freestanding lot, which had been created by virtue of prior subdivisions. It does not abut the other lands then owned by Ms. Miller and Ms. Smith, and thus existed as an independent lot of record on November 23, 1979. It may be subdivided once so as to create two lots in that its area (2.826 acres) is between 2 and 100 acres in size. Obviously, a practical subdivision of that lot is not possible by virtue of the fact that a single family dwelling has been constructed thereon. As to the balance of the Smith/Miller lands, there has been a single subdivision

ORDER RECEIVED FOR FILING
Date 10/30/96
BY [Signature]

which is permissible. The balance of the Smith/Miller properties, approximately 78 acres in 1979, has been subdivided once, so as to create Parcel 1 (approximately 11.7 acres in area) now owned by Fowble, Otto and MacMaster, and the remainder, owned by Ms. Smith and her son. This single subdivision is permissible, in view of the acreage of the property; however, neither the surviving Smith property or Parcel 1 may be subdivided further. Parcel 1 owned by Ms. Fowble, Ms. Otto and Ms. MacMaster can support but one principal use, either a single family dwelling or other use as permitted by the B.C.Z.R. However, as noted above, neither the property owned by Ms. Smith or the lot owned jointly by the other three sisters may be further subdivided.

Pursuant to the advertisement, posting of the property, and public hearing on this Petition held, and for the reasons set forth above, the relief requested shall be denied.

THEREFORE, IT IS ORDERED by the Zoning Commissioner for Baltimore County this 30th day of October, 1996 that the Petition for Special Hearing seeking approval that four (4) separately described building lots of ground, pursuant to Court Order the four (4) lots in question, being separately owned by each Petitioner, can be sold and/or utilized as separate building lots, in accordance with Petitioner's Exhibit 1, be and is hereby DENIED.

MOTION TO DISMISS APPEAL

PEOPLE'S COUNSEL FOR BALTIMORE COUNTY moves to dismiss the
appeal, as a matter of law, based on uncontradicted material facts:

1. The subject property of 137 acres, zoned RC-2, agricultural,
comprised 3 lots of record (parcels) as of November 27, 1979 (the
effective date of relevant Bill 178-79), each between 2 and 100 acres
(78, 2.8, and 56).
2. Pursuant to Bill 178-79, the amended BCZR 1A01.3B allows
subdivision lot density of two for each lot of record between two and
one hundred acres. See attached BCZR.
3. Based on the law, and its consistent implementation, each of
the subject lots of record is entitled to be subdivided to a
resulting lot density of 2.
4. In or about 1982, the owners conveyed 11.7 acres of "Parcel
1," the 78-acre lot of record, to four sisters, the Petitioners
herein. This was the one allowed subdivision of Parcel 1, and no
others are allowed under the current zoning classification.
5. However, the Petitioners, by private law Petition for
Partition, obtained a Court Order further subdividing the 11.7 acres
into 3 lots. This exceeds by two the allowed subdivision lot density.

MICROFILMED

6. The Petitioners now seek to establish, by Special Hearing, that these are all legitimate development lots.

7. In effect, they seek to elevate their private partition arrangements, as ratified by Court Order, over the public zoning law.

8. But the private partition case, under Md. Code Real Property Art. Sec. 14-107, governs private ownership only, and does not determine zoning or subdivision lot density. Neither interested citizens nor People's Counsel are notified of such cases, or are parties bound by the decision. Public law is not affected.

9. Therefore, the Petition for Special Hearing must be dismissed or denied.

10. It conflicts with basic RC-2 zoning law on subdivision lot density.

11. People's Counsel stated this position in the attached letter to the Zoning Commissioner dated October 15, 1996, and included a Circuit Court decision in a similar case. People's Counsel v. Graziano, 88-CG-1510.

12. The Zoning Commissioner correctly denied the Petition.

13. There is, furthermore, no basis, as a matter of law, for Petitioners' fallback theories of estoppel, laches, or equity. Lipsitz v. Parr, 164 Md. 222 (1933); Board of Co. Comm'rs v. Snyder, 186 Md. 642 (1946); Delbrook Homes v. Mayers, 248 Md. 80 (1967); City of Hagerstown v. Longmeadow Shopping Center, 264 Md. 181 (1972); Sycamore Realty Co. v. People's Counsel, 344 Md. 57 (1996). See also In re Long Green Valley Assn. (Circuit Court No. 94-CV-10257), a CBA appeal.

WHEREFORE, People's Counsel requests that the County Board of Appeals dismiss the Petitioners' appeal.

Case No. 97-74-SPH

Dear Mr. Schmidt:

Upon citizen inquiry, we reviewed this case in light of the office's charter responsibility to defend the comprehensive zoning maps. Sec. 524.1.

We found there exists a legal issue of great public interest. An apparent question is whether a 1984 court-ordered partition of property between sisters pursuant to RP Art. Sec. 14-107(a) supersedes or displaces the 1979 agricultural (RC-2) zone designation, and subdivision lot density provision. BCZR 1A01.3B. Part of Bill 178-79, this key zoning provision states that lots of record between 2 and 100 acres in size may not be subdivided into more than 2 lots.

Briefly stated, a Circuit Court partition order cannot and does not preempt or supersede county zoning legislation. The property in question must be evaluated for compliance with RC-2 zone subdivision lot density independently of the privately instituted partition proceedings. Moreover, there does not appear to be any doctrine of equity or estoppel which defeats the comprehensive zoning ordinance.

The Circuit Court dealt with a somewhat similar issue in the attached Graziano case, 88-CG-1510, involving a will which

MICROFILMED

Lawrence E. Schmidt, Esquire

divided a tract into more lots than allowed in the RC zone. Reversing the County Board of Appeals, the Court held that the law prevailed, even though the will predated it. A property owner may not by will dictate the effectiveness of future public law. There is nothing in the filing of the private partition case here, subsequent to the zoning legislation, which would confer any greater authority to displace the public enactment.

In the absence of a rezoning, the petitioners must comply with the RC zone subdivision lot density. Otherwise, the entire RC-2 zone would be subject to private rearrangement, in effect, a rezoning by another name.

Appellant

vs.

THOMAS JEROME GRAZIANO, et al

Appellees

IN THE

CIRCUIT COURT

FOR

BALTIMORE COUNTY

OPINION

This case came before the Court on November 16, 1988 on People's Counsel for Baltimore County's appeal from the order of the County Board of Appeals dated March 1, 1988. The Board's decision on this matter was that the Petition for Special Hearing should be granted, providing a stipulation be entered among the Land Records of Baltimore County that so long as the zoning remains R.C. 2 no further subdividing or building permits will be permitted.

The facts in this case are that Lizetta Bedgar owned a large farm in northern Baltimore County. In 1976, she parceled off through the subdivision process nine parcels, some of which were sold and some of which went to relatives. She retained title to what is known as Tract A, consisting of some 21.7 acres. At that time, she made known, through the preparation of her will, that upon her death two further parcels were to be allocated, one to her grandson and one to Mr. Graziano. In 1979, the R.C. 2 regulations took effect and Tract A containing the 21 plus acres thereupon became a single parcel, even though it was her avowed intention to allot the two six-acre parcels to her grandson and to her employee. In 1981 Mrs. Bedgar passed away. As was stated in her will, the

trustee of her estate distributed the lots, one to the grandson and one to Mr. Graziano. Mr. Graziano applied for a building permit and said permit was denied because Tract A was zoned R.C.2 and two houses had already been developed.

The County Board of Appeals reversed the Zoning Commissioner stating that since Mr. Graziano assumed in 1976 that he would receive a viable inheritance, that it would be arbitrary for the Board to deny him the building permit making the 5 plus acre parcel a viable use of land. The Appellee (Thomas Graziano) also argues that Section 22-42(4) of the Baltimore County Code exempts this property from the requirements of R.C. 2 zoning.

This Court, although sympathetic to Mr. Graziano under the facts, doesn't feel that the Board has properly interpreted the law. The controlling statutory authority is Baltimore County Zoning Regulation 1A01.3B1. It states that no lot of record lying within an R.C. 2 zone and having a gross area between 2 and 100 acres may be subdivided into more than 2 lots. Despite Mrs. Bedgar's intention, she has no right to change the law merely by writing a will which contains intentions contrary to the law existing at the time of her death. As to Appellee's argument that Section 22-42(4) of the Baltimore County Code exempts this property from R.C. 2 zoning requirements, this section exempts such properties from having to go through the County Review Group, but has no effect on the Baltimore County Zoning Regulations.

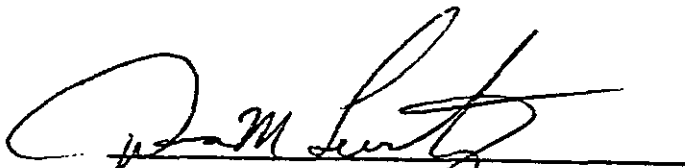

While the Board of Appeals could not legally grant Mr. Graziano the relief he desires under the law, he may yet be able to obtain permission to build a home on his property. Certainly,

Mr. Graziano can request a special exception to the zoning regulation in the form of a documented site plan.

In summary, on review of the evidence and the law this Court finds the County Board of Appeals' order to be contrary to the law. Accordingly the decision of the County Board of Appeals is reversed. Appellees to pay the costs.

Item # 72 MICROFILMED

The Issue presented by this special hearing is a follows:

97-74-SPH

Do four (4) building lots exist in the four (4) separately described lots of record owned respectively by the following four (4) sisters:

- (A) Louise M. Fowble - 3.595 acres Parcel 1 - lot 1,
- (B) Jean MacMaster - 3.746 acres Parcel 1 - lot 2,
- (C) Doris Otto - 3.624 acres Parcel 1 - lot 3,
- (D) Mary Courtney - 2.826 acres Parcel 2. (See attached Plat Exhibit No. 1)

These four (4) lots of ground were created by a Baltimore County Court Order signed on June 28th, 1984 by Judge Edward DeWaters to settle and conclude a partition suit filed pursuant to Section 14-107(a) of the Real Property Article, Annotated Code of Maryland. Judge DeWaters in said Decree ordered that "the real property which is the subject of these proceedings be subdivided and conveyed by Deeds duly executed by the parties hereto in accordance with the Plat attached to the Joint Petition as filed herein and labeled "Exhibit 1"

Pursuant to the aforesaid Circuit Court Order the four sisters then had Deeds executed and recorded which resulted in a Baltimore County Circuit Court ordered subdivision as aforesaid and consequently four (4) separately described Building lots of record. One of the sisters, Mary Courtney then applied for and received a Building Permit from Baltimore County and subsequently in 1985/1986 built a house on her 2.826 acre tract (i.e. Parcel No. 2). Mrs. Courtney is now contemplating selling her home and the other three sisters, i.e., Mrs. Jean MacMaster, Mrs. Louise Fowble and Mrs. Doris Otto have listed their respective lots of record for sale with O'Connor, Piper & Flynn (OPF) as separate building lots. They are seeking this Special Hearing and an Order from the Baltimore County Zoning Commissioner confirming the existence of the four (4) building lots on advice from the Baltimore County Office of Permits and Development Management.

At the time of the aforesaid Circuit Court ordered subdivision, i.e., June 28, 1984, Section 22-42(4) of the Baltimore County Zoning Regulations specifically deferred to the above-referenced code section by virtue of the following language (i.e. Exception)

"(4) The subdivision of property pursuant to Court Order, a bill or law of intestate succession."

Even though all the land in question is and has been zoned RC-2, it certainly appears that the law, the doctrine of estoppel in addition to simple fairness, equity and reasonableness all would support the result of four (4) building lots in each of the four sisters as contemplated by the June 28, 1984 Subdivision Order, the resulting four (4) Deeds as shown on the attached Plat and Ms. Courtney's obtaining of her building permit. Finally, I know of no local or community opposition to our request which would be in keeping with the general nature and character of the surrounding area. The Petitioners request that the Zoning Commissioner issue an order confirming the extreme of the four (4) building lots as shown on the attached plat which request is the subject of our Petition for Special Hearing.

COUNTY BOARD OF APPEALS

Re: Request for Postponement -
Case No.: 97-74-SPH
In The Matter of: Louise Fowble, et al.

Dear Ms. Bianco:

Pursuant to Rule 2(b) of the Board's Rules of Procedure, please consider this a Request for Postponement of the above captioned case (copy of Notice attached) by all the Appellants/Petitioners by and through Michael Gisriel, Esq., counsel for Petitioners. We ask that this case be postponed for at least 90 days for the following reasons:

1. Appellants/Petitioners have been attempting to obtain a transcript of a June 1984 Hearing before Judge DeWaters which will materially impact and affect this case. Said transcript has been delayed and will not be available by May 28, 1997; and

2. Also, several of the Appellants/Petitioners will be out of town and unable to attend the Hearing currently scheduled for Wednesday, May 28, 1997.

Therefore, the Appellants/Petitioners humbly request that this Board postpone the aforesaid Wednesday, May 28, 1997 Hearing date until sometime after 90 days from the said date of Wednesday, May 28, 1997. Please call if you have any questions or require any additional information. Please notify me of the rescheduled date and time and I'll notify the Appellants/Petitioners.

SUBJECT: Zoning Item #72 - Fowble Property
Yeoho & Dubbs Roads
Zoning Advisory Committee Meeting of August 26, 1996

The Department of Environmental Protection and Resource Management offers the following comments on the above-referenced zoning item:

Environmental Impact Review

Development of the property must comply with the Regulations for the Protection of Water Quality, Streams, Wetlands and Floodplains (Sections 14-331 through 14-350 of the Baltimore County Code).

Development of this property must comply with the Forest Conservation Regulations (Sections 14-401 through 14-422 of the Baltimore County Code).

Agricultural Preservation Program

This request should not be granted. The provisions of the RC-2 zone, especially the density factor, was implemented specifically to protect agriculture and reduce sprawl. Despite the merits of the appeal, the landowner may seek other avenues to meet the spirit of the will. This same issue was presented in the Graziano case on Middletown and Freeland Roads and in that case it was ultimately decided that the density prevails.

Any decision that would permit zoning to be exceeded by will would erode the efforts of the County to protect agricultural land and reduce sprawl.

Case No. 97-74-SPH
Hearing Date: 10/17/96, 9:00 a.m.

Dear Mr. Schmidt:

Upon citizen inquiry, we reviewed this case in light of the office's charter responsibility to defend the comprehensive zoning maps. Sec. 524.1.

We found there exists a legal issue of great public interest. An apparent question is whether a 1984 court-ordered partition of property between sisters pursuant to RP Art. Sec. 14-107(a) supersedes or displaces the 1979 agricultural (RC-2) zone designation, and subdivision lot density provision. BCZR 1A01.3B. Part of Bill 178-79, this key zoning provision states that lots of record between 2 and 100 acres in size may not be subdivided into more than 2 lots.

Briefly stated, a Circuit Court partition order cannot and does not preempt or supersede county zoning legislation. The property in question must be evaluated for compliance with RC-2 zone subdivision lot density independently of the privately instituted partition proceedings. Moreover, there does not appear to be any doctrine of equity or estoppel which defeats the comprehensive zoning ordinance.

The Circuit Court dealt with a somewhat similar issue in the attached Graziano case, 88-CG-1510, involving a will which

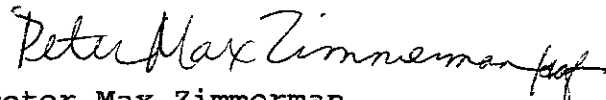

MICROFILMED

divided a tract into more lots than allowed in the RC zone. Reversing the County Board of Appeals, the Court held that the law prevailed, even though the will predated it. A property owner may not by will dictate the effectiveness of future public law. There is nothing in the filing of the private partition case here, subsequent to the zoning legislation, which would confer any greater authority to displace the public enactment.

In the absence of a rezoning, the petitioners must comply with the RC zone subdivision lot density. Otherwise, the entire RC-2 zone would be subject to private rearrangement, in effect, a rezoning by another name.

PEOPLE'S COUNSEL FOR BALTIMORE
COUNTY

Appellant

vs.

THOMAS JEROME GRAZIANO, et al

Appellees

IN THE

CIRCUIT COURT

FOR

BALTIMORE COUNTY

88 CG 1510

* * * * *

OPINION

This case came before the Court on November 16, 1988 on People's Counsel for Baltimore County's appeal from the order of the County Board of Appeals dated March 1, 1988. The Board's decision on this matter was that the Petition for Special Hearing should be granted, providing a stipulation be entered among the Land Records of Baltimore County that so long as the zoning remains R.C. 2 no further subdividing or building permits will be permitted.

The facts in this case are that Lizetta Bedgar owned a large farm in northern Baltimore County. In 1976, she parceled off through the subdivision process nine parcels, some of which were sold and some of which went to relatives. She retained title to what is known as Tract A, consisting of some 21.7 acres. At that time, she made known, through the preparation of her will, that upon her death two further parcels were to be allocated, one to her grandson and one to Mr. Graziano. In 1979, the R.C. 2 regulations took effect and Tract A containing the 21 plus acres thereupon became a single parcel, even though it was her avowed intention to allot the two six-acre parcels to her grandson and to her employee. In 1981 Mrs. Bedgar passed away. As was stated in her will, the

MICROFILMED

trustee of her estate distributed the lots, one to the grandson and one to Mr. Graziano. Mr. Graziano applied for a building permit and said permit was denied because Tract A was zoned R.C.2 and two houses had already been developed.

The County Board of Appeals reversed the Zoning Commissioner stating that since Mr. Graziano assumed in 1976 that he would receive a viable inheritance, that it would be arbitrary for the Board to deny him the building permit making the 5 plus acre parcel a viable use of land. The Appellee (Thomas Graziano) also argues that Section 22-42(4) of the Baltimore County Code exempts this property from the requirements of R.C. 2 zoning.

This Court, although sympathetic to Mr. Graziano under the facts, doesn't feel that the Board has properly interpreted the law. The controlling statutory authority is Baltimore County Zoning Regulation 1A01.3B1. It states that no lot of record lying within an R.C. 2 zone and having a gross area between 2 and 100 acres may be subdivided into more than 2 lots. Despite Mrs. Bedgar's intention, she has no right to change the law merely by writing a will which contains intentions contrary to the law existing at the time of her death. As to Appellee's argument that Section 22-42(4) of the Baltimore County Code exempts this property from R.C. 2 zoning requirements, this section exempts such properties from having to go through the County Review Group, but has no effect on the Baltimore County Zoning Regulations.

While the Board of Appeals could not legally grant Mr. Graziano the relief he desires under the law, he may yet be able to obtain permission to build a home on his property. Certainly,

MICROFILMED

Mr. Graziano can request a special exception to the zoning regulation in the form of a documented site plan.

In summary, on review of the evidence and the law this Court finds the County Board of Appeals' order to be contrary to the law. Accordingly the decision of the County Board of Appeals is reversed. Appellees to pay the costs.

Dear Mr. Schuetz:

The Valleys Planning Council opposes Petitioners' Request on Appeal to confirm the existence of four building lots at this site, and urges you to uphold the opinion of the Zoning Commissioner denying the Petition.

Simply put, we cannot see how an order of the Circuit Court can preempt the clearly stated zoning law of Baltimore County that was in force at that time. The RC-2 law and an analysis of this case indicate that only two lots may legally exist here.

Re: 97-74-SPH 11 Acres at Yeoho and Dubbs Roads

Dear Mr. Kotroco:

The Valleys Planning Council opposes the Petitioners' request to confirm 4 building lots at this site.

It is clear from the Baltimore County Zoning regulations, Sec. 1A01.3B, that any RC-2 lot of record which was in existence before 1979 and contains between 2 and 100 acres may be subdivided into at most 2 building lots.

In the present case, the Land Records show that the property originally consisted of 89 acres, more or less, in three record parcels of 78, 2.826, and 7.5 acres. Each of these parcels was separately described before November, 1979. On the 78-acre parcel, therefore, two building lots, at most, were allowable.

Pursuant to Baltimore County Court order, in 1984, 4 lots were created out of two of these parcels. One lot corresponded to the 2.826-acre parcel owned by Mary Courtney, which, as shown above, was never part of the 78-acre parcel and need not concern us further.

The other three lots, however, were created out of approximately 11 acres of the 78-acre parcel. This created four lots - the three lots belonging to Otto, Fowble, and McMaster, and the 67-acre remainder parcel, presently improved with a house - where only two are allowed under the BCZR. Therefore, an illegal subdivision occurred. See the attached letter from Arnold Jablon, Director of PDM, in corroboration of this.

RECORDED

Page 2

In support of the subdivision, petitioners advance the theory that Sec. 22-42 (4) of the 1978 Baltimore County Code, then in force, exempts this subdivision from the provisions of the Baltimore County Zoning Regulations. This is clearly mistaken. The first sentence of Section 22-42 states that the exemption in question is from Division 2 of the Development Regulations, which has to do only with the development review process. There is no implication that the section provides an exemption from the Zoning Regulations.

Further, it is unclear how the doctrine of estoppel applies. Petitioners have taken no action in reliance upon the Court order. They have not sold the three lots, nor have they built houses upon them. There is no equitable issue that would not be addressed by the sale of the parcels as one unit, with one building right, and subsequent distribution of the proceeds. In fact, all three of the unbuilt lots are on the market at this time.

Finally, this letter is evidence of community opposition to the Petition.

Thank you for your attention to this matter.

Sincerely,

RE: Partition of 11 acres
Yeoho and Dubbs Roads
5th Election District

Dear Mrs. Fowble, Mrs. Otto & Mrs. MacMaster:

It has recently been brought to the attention of this office that, in or about 1984, property currently owned by you was subdivided into three distinct parcels by court order. I apologize for having to write this letter to you, but I must provide you with notice that such a subdivision violates Baltimore County laws.

Although the court may have been within its right to partition the 11 acres located at Yeoho and Dubbs Roads, such a partition was in violation of the Baltimore County zoning regulations. The original parcel from which the 11 acres was separated, consisting of approximately 78 acres, could be subdivided into two buildable lots; however, neither the 67-acre or 11-acre parcel which were then created could be further subdivided.

The issue at hand is whether the three lots created by partition in 1984 are buildable and whether they are in compliance with county zoning and development regulations. The Baltimore County zoning regulations do not permit the 11 acres, zoned R.C.2, to be further subdivided. Therefore, in the opinion of this office, the lots created by the court order are unbuildable.

If you disagree, I suggest that you file a petition for special hearing for an interpretation as to whether this determination is correct. Please call 887-3391 for information on filing procedures. It is important that this issue be resolved.

PETITION TO BALTIMORE COUNTY ZONING COMMISSION

I/we OPPOSE the zoning request change for the Fowble property on Yeoho and Dubbs Rd. (zoning committee file number 97-74-SPH hearing on October 17, 1996). The current RC-2 zoning that exists for this property, as well as for the surrounding area was implemented specifically to protect critical agriculture. In addition, this region is included in the 5th District Elementary school building moratorium area. I/we believe that permitting the zoning change of this property could jeopardize efforts of the county to protect agricultural land.

RILEY & ASSOCIATES REALTORS

(the "Broker") is hereby authorized by the undersigned owner(s) (the "Owner") to sell, as the exclusive real estate broker, the property known as PARCEL 341, MAPAL BALTO. CT. TAX MAP (the "Property"). This authority shall continue until the 1ST day of SEPTEMBER 1995, except that either Owner or Broker, by giving written notice, may cancel this Contract so that it will terminate at the end of THIRTY (30) days from the date of receipt of such written notice. The Owner warrants to Broker that the information shown on the profile sheet for the Property executed by Broker and Owner (the "Profile Sheet") is true and correct. The Profile Sheet is incorporated herein as part of this Contract.

The listing price of the Property is \$ 89,900.00 and shall be the price advertised by Broker. In the event Owner desires to amend the listing price, Owner shall immediately inform Broker in writing of the amended listing price, and such amended listing price shall thereafter be the price advertised by Broker.

Broker shall not be responsible for the care of, or the physical condition of, the Property.

Broker agrees to multiple list the Property with and through Mid-Atlantic Real Estate Information Technologies, Inc. ("MARIT") and this Contract shall be void, (1) if Broker is not a participant of MARIT at the time of the signing hereof or anytime thereafter, or (2) if the Property is not listed with MARIT. Broker is hereby granted the right to report to MARIT for dissemination in accordance with MARIT's rules and policies (A) any contract of sale and the sales price (including the other terms upon which any sale of the Property is made) and/or (B) that the Property is being multiple listed and the terms of such listing. Broker's responsibility to market the Property is suspended by Owner's acceptance of a written offer to purchase the Property.

Owner agrees to pay Broker a fee for services rendered in the amount set forth below (the "fee") (a) if during the term of this Contract, or any extension thereof, (i) Broker produces a customer to purchase the Property at the listing price and on the terms herein or at such other price or on such other terms as shall be accepted by Owner or agreed upon in writing between Owner and Broker (the "authorized price"); or (ii) Owner shall enter into a written agreement to sell, exchange, convey or transfer the Property to any person or entity whether such person or entity shall have been procured by Broker, by Owner or by any other person or entity, in which event Owner shall within seventy-two (72) hours thereof furnish Broker a copy of such written agreement procured by anyone other than Broker; or (b) if, during the period of THIRTY (30) months following the expiration or termination of this Contract, Owner shall enter into a written agreement to sell, exchange, convey or transfer the Property to any person who or any entity which, with the knowledge of Owner or any agent of Owner, inspected or made inquiry about the Property or negotiated to purchase or exchange the Property during the term of this Contract or any extension thereof, in which event Owner shall within seventy-two (72) hours thereof furnish Broker a copy of such written agreement; except that Owner shall have no obligation to pay the fee to Broker if the Property is sold or exchanged by any other licensed real estate broker following the expiration of this Contract or any extension thereof or following the termination of this Contract as herein provided, unless such termination by Owner shall have been made for the purpose of avoiding the obligation of Owner to pay the fee to Broker.

The amount of Broker compensation is not prescribed by Law or established by any membership organization with which the Broker is affiliated.

The fee to be paid by Owner to Broker under the terms of this Contract is to be equal to \$ _____ or 7 % of the sales price in a contract entered into by Owner, the authorized price or the listing price, as may be applicable (hereinafter the "Selling Price"), plus _____ () month(s) ground rent, if any; in the event of an exchange, the fee to be paid by Owner to Broker shall be based on the listing price, plus _____ () month(s) ground rent, if any. If Broker prevails in any court action brought to obtain payment of the fee, Broker shall also be entitled to recover in such action his/her reasonable attorney's fees and court costs.

If a deposit made on any contract of sale for the Property is forfeited to Owner or if all or part of a deposit shall be received by Owner as a settlement made by and between Owner and purchaser, \$ _____ or 25 % of the amount forfeited or of the amount received as a settlement shall be paid to Broker for his/her services, but in no event to exceed an amount equal to the full fee specified herein.

Broker shall be entitled to cooperate with other brokers as subagents of Broker ("Subagents") and/or brokers retained by prospective buyers to represent their interests ("Buyer Agents"). Owner consents to Broker's cooperation and fee sharing with Subagents or Buyer Agents (collectively "Cooperating Brokers"). Broker shall pay to any Subagent, who has earned and is entitled to share in the fee, \$ _____ or 3.5 % of the Selling Price, plus _____ () month(s) ground rent, if any. Broker shall pay to any Buyer Agent, who has earned and is entitled to share in the fee, \$ _____ or 3.5 % of the Selling Price, plus _____ () month(s) ground rent, if any. Regardless of any payment which may be due to a Cooperating Broker, Owner shall pay to Broker all amounts due and owing to Broker pursuant to this Contract, irrespective of any disputes which may arise between Broker and a Cooperating Broker. Broker and Owner agree that this Contract does not confer upon a Cooperating Broker any right to receive any payment directly from Owner.

With respect to race, color, creed, sex, national origin, handicap, or familial status, the Property is offered in compliance with Title VIII of the Civil Rights Act of 1968, and the Fair Housing Amendments of 1988. The Property is also offered in compliance with the anti-discrimination provisions of State and applicable local laws.

Owner acknowledges that (a) the Broker has informed the Owner that any contract of sale entered into on or after January 1, 1994, is subject to the requirements of Section 10-702 of the Real Property Article of the Annotated Code of Maryland which obligates the Owner to deliver to the purchaser of the Property either a written statement disclosing the condition of the Property, or a written statement refusing to make any disclosures regarding the condition of the Property, and (b) the Broker has furnished to Owner the Maryland Real Estate Commission approved disclosure statement.

This Contract shall be binding upon the respective heirs, personal representatives, assignees and/or successors of the parties hereto.
